

**Ramsdale Park Golf Club**  
Oxton Road, Calverton  
Nottingham NG14 6NU

6 March 2018

Dear Member,

As you may be aware there are some changes to the format of Master Scoreboard.

These are generally to enable the committee as promised to allow online booking into competitions, but also brings us a step nearer being able to comply with upcoming data protection laws.

To enter Master Scoreboard, if you follow the below procedure you will find entering very easy.

1. Enter the Site as normal into Ramsdale Park
2. The user name is a drop box to your name (Surname First)
3. Password is your log number into competitions.

This will open the main frame with the last competitions played results showing.

There are different areas added to the format as now you are able to print a handicap certificate direct to your home/office printer.

The main improvement is that in future competitions you are now able when the competition opens to enter into a slot with the times available and also add other members into your fourball if the spaces are also available.

This availability to book starts on each Friday two weeks prior and 1 hour (17.00pm) after the initial opening within the centre. You are still able to book within the centre at 16.00pm.

You are also able to remove your name up to 18:00pm on the Wednesday before the competition. After that day and time you must remove your name through calling the Pro Shop.

If you have any issues with the new system please contact a member of the committee who will endeavour to assist you in anyway they can.

We are trying to improve the availability of information throughout the club but please be patient as although we have trialled and researched this throughly it is constantly being updated.

Thank you for time and patience

John White  
Competition Secretary and Handicap Assistant
